

Please join us for another First Friday opening at the Hamilton Gallery!

Friday, November 6 from 6-9 pm.

**Come see the bright & beautiful work of guest artist,
Najwa Al-amin !**

Al-Amin's medium is oil on paper, board and canvas. The work celebrates a boundless world of images and figures in soft as well as strong tones. "Wars and conflicts left no colors in the middle east desert's life", she says. "So I put them into my art, to turn sadness into happiness and replace anger with peace" Her paintings express the passion of an ancient culture, and her techniques are as diverse and elegant as the artist herself.
